RECLASSIFIED PRICE CATEGORY II LUMBER FIRMS

List of Firms

PRICE COMMISSION

RECLASSIFIED PRICE CATEGORY II LUMBER FIRMS

List of Firms

This notice contains a list of the names and addresses of those firms the Price Commission has identified as of December 6, 1972, as reclassified price category II firms, in accordance with § 101.13(a)(4) of the regulations of the Cost of Living Council (6 CFR 101.13(4)). Subparagraph (4) was added to § 101.13(a), effective October 3, 1972 (37 F.R. 20949).

Price Commission Order No. 11 (37 F.R. 21019) issued at the same time the Cost of Living Council amended § 101.13(a): *Provided*, That each firm (other than a firm described in § 101.11) with $5 million or more in annual sales or revenues from or by the sale or brokerage of lumber, plywood, veneer, millwork, and structural wood members and associated wood products such as hardboard and particleboard, not previously classified as a category II firm was reclassified from a category III to category II reporting firm and would be referred to as a "reclassified firm."

Although the primary business of a firm may not be directly related to the sale or brokerage of lumber or other wood products, it is nonetheless classified as a category II firm if the fraction of its annual sales or revenues attributable to commercial transactions in lumber or wood products is $5 million or more. For example, a ready-mix concrete company with annual sales of $35 million, which has annual sales or revenues of $6 million in the sale of wood trusses, would be a reclassified firm, since its portion of sales attributable to transactions in pertinent products exceeds $5 million. However, a firm engaged primarily in building roads for timber access, with annual revenues of $6 million, would not be a reclassified firm, since its revenues are acquired through provision of ancillary services, not the commercial exchange of lumber or wood products.

The list has been prepared on the basis of currently available financial information regarding sales or revenues of firms heretofore classified as price category III firms. In some cases this information is limited in detail regarding specific dollar amounts of sales or revenues attributable to commercial transactions in particular kinds of product categories. The list will be updated periodically by the Commission and published in the FEDERAL REGISTER for the information of all interested persons.

Any firm listed herein as a reclassified price category II firm that believes that it should not be listed, or that its address or name is incorrect, should notify the Chief, Division 50, Office of Program Operations, Price Commission, 2000 M Street NW., Washington, DC 20508, in writing, so that the matter may be corrected. To support a request for change in price category, a firm should submit a copy of an audited financial statement, stating the specific amount of sales or revenues attributable to transactions in products named in Commission Order No. 11, for its most recently completed fiscal year. If the firm does not customarily have an audited financial statement available, it should submit a certificate to that effect together with such supporting documents as will show the specific amount of sales or revenues attributable to transactions in products named in Commission Order No. 11 for its most recently completed fiscal year. Any firm that can show the Commission by December 30, 1972, that it does not belong on the list will be removed from it. The burden of making the showing is on the firm. The mere filing of such a request does not relieve a firm of the reporting requirements for reclassified lumber firms set forth in Price Commission Order No. 11A (37 F.R. 23386).

Issued in Washington, D.C., on December 14, 1972.

C. JACKSON GRAYSON, Jr.,
Chairman, Price Commission.

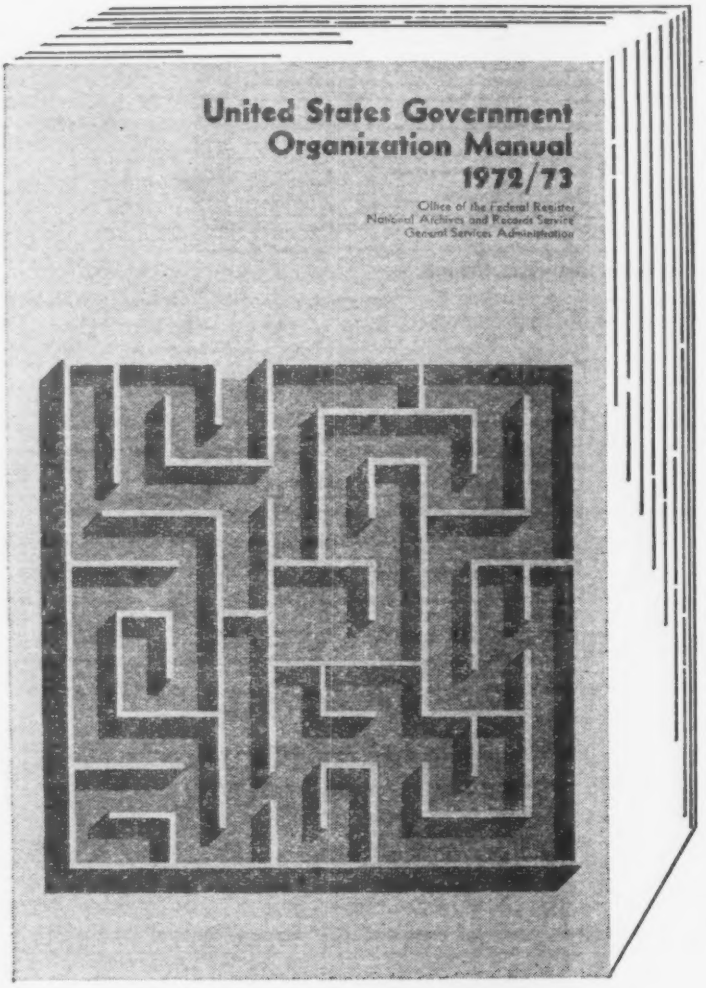
An Invaluable Reference Tool



1972/73 Edition

This guidebook provides information about significant programs and functions of the U.S. Government agencies, and identifies key officials in each agency.

Included with most agency statements are "Sources of Information" sections which give helpful information on:

- Employment
- Contracting with the Federal Government
- Environmental programs
- Small business opportunities
- Federal publications
- Speakers and films available to civic and educational groups

This handbook is a "must" for teachers, students, librarians, researchers, businessmen, and lawyers who need current official information about the U.S. Government.

$3.00 per copy.
Paperbound, with charts
